Name in Full	Jeongmin Choi
Country	Republic of Korea
Affiliation	Inje University, Sanggye Paik Hospital, Internal medicine, division of gastroenterology
Email	doct00@hanmail.net

Educational Background

Chungbuk National University College of Medicine, Bachelor's degree (2000)
Ulsan College of Medicine, Master degree (2005)
Seoul National University College of Medicine, Dotorate degree (2016)

Professional Career

Asan medical center, intern (2000)
Asan medical center, internal medicine, resident (2001-2005)
Seoul national university hospital, clinical assistant professor (2009-2014)
Inje university, Sanggye paik hospital, associate professor (2015-2021)
Inje university, Sanggye paik hospital, professor (2022-current)
Inje university, Sanggye paik hospital, director of endoscopy center (2022-current)

Research Field

Endoscopic Incision Therapy for Benign Pyloric Stricture.
Choi J. ACG Case Rep J. 2022 Aug 31;9(8):e00855

Rectal Ulcer After Rectal Washing With a Bidet Toilet.
Choi J. ACG Case Rep J. 2022 Feb 15;9(2):e00754

Endoscopic retrieval for a large impacted meat bolus in the oesophagus.
Choi SI, Choi J. BMJ Case Rep. 2021 Feb 4;14(2):e241275.

Successful Endoscopic Resection of Gastric Mucosa-Associated Lymphoid Tissue Lymphoma
Unresponsive to Helicobacter pylori Eradication Therapy.
Choi J. Clin Endosc. 2022 Jan;55(1):136-140.

Ischaemic colitis caused by polyethylene glycol with ascorbic acid bowel preparation agent.
Choi SI, Choi J. BMJ Case Rep. 2021 Nov 11;14(11):e245891.

Successful Endoscopic Resection of Residual Colonic Mucosa-Associated Lymphoid Tissue
Lymphoma after Polypectomy.
Choi J. Clin Endosc. 2021 Sep;54(5):759-762.

A new simple endoscopic incision therapy for refractory benign oesophageal anastomotic stricture.
Choi J, Choi SI. BMJ Case Rep. 2021 Mar 10;14(3):e239798.

Risk factors of lymph node metastasis after non-curative endoscopic resection of undifferentiated-
type early gastric cancer.

Yang HJ, Choi J, Choi IJ. Gastric Cancer. 2021 Jan;24(1):168-178.
